

OAK HAMMOCK VS OAK HALL

Representatives of Oak Hammock
One lucky October day this fall
Made a propitious visit to meet
The renowned chess champions of Oak Hall

It was an uplifting exercise in
Intergenerational fellowship
Presenting an outstanding testament
To Oak Hall school's outstanding leadership

It has been reported that playing chess
Enhances all cognitive functioning
Including focusing, remembering
Decision making and reasoning

At the conclusion of each game we shook
A small hand along with the call "Checkmate"
Now looking forward to meeting again
At some anticipated future date
Gene Ziegler October 2023
